Ship Rules Reference

FLEET RULES

Fighter Replacements — Any ship carrying one or more Aurora Starfury flights may replace any number of them with Badgers, Thunderbolts, or Breaching Pods. Breaching Pods taken this way carry one Troop from the parent ship and do not include Troops of their own. Firebolts may be bought separately, or up to four other Starfury flights may be replaced by Firebolts as one Patrol choice.

TRAITS AND WEAPON RULES

Anti-Fighter — When an enemy fighter flight moves into base contact, roll a number of Attack Dice equal to the Anti-Fighter score before the dogfight is resolved. Each die that rolls 4 or more destroys the fighter flight. Anti-Fighter may be used once per turn.

Interceptors — Against the first incoming hit of the turn, roll a number of dice equal to the Interceptor score; any result of 2+ cancels that hit. Successful dice are rolled against the next hit needing 3+, then 4+, and so on. Failed dice are discarded. Once the required number reaches 6+, it remains 6+ for the rest of the turn. Interceptors refresh at the start of the next turn.

Twin-Linked — Any Attack Dice from this weapon that fail to hit may be re-rolled.
