TRAITS AND WEAPON RULES

Accurate — This weapon ignores the target's Dodge score.

Adaptive Armour — Halve the Damage and Crew loss caused by each separate attack, rounding down to a minimum loss of 1. Each weapon system or other single source counts as a separate attack.

Advanced Jump Engine — When this ship enters realspace, its jump point does not deviate and it may act normally that turn. A jump point created in realspace may be placed in any fire arc. Other arriving ships may act normally only if they also have Advanced Jump Engine.

Agile — The ship need only move one quarter of its Speed in a straight line before making its first turn, and only 1 inch before making each subsequent turn.

AP — Add +1 to every Attack Dice result rolled for this weapon.

Beam — This weapon always hits on a roll of 4 or more, regardless of Hull. Each successful Attack Dice is rolled again and may continue scoring additional hits while it keeps rolling 4 or more. Beam weapons ignore Interceptors and may split fire only between targets within 4 inches of one another.

Dodge — Whenever the ship suffers a hit, roll one die. If the result equals or exceeds its Dodge score, ignore the attack completely. A ship that is Adrift, unable to move, or did not move in the Movement Phase cannot use Dodge. Dodge does not protect against Energy Mines or Jump Points.

Double Damage — Double all Damage caused, including bonus Damage from Critical Hits. A Bulkhead Hit still causes 1 point of Damage.

Flight Computer — Crew Quality can never fall below 4. The ship ignores all penalties for being reduced to a Skeleton Crew, except that Troops are still halved and Fleet Carrier is still lost.

Precise — Add +1 to every roll made on the Attack Table for this weapon.

Self-Repairing — Add +1 to all Damage Control checks. In each End Phase while below starting Damage, regain Damage equal to the Self-Repairing score, up to the starting total. Once Crippled, the ship remains Crippled even if repaired above the threshold.

Triple Damage — Triple all Damage caused. A Bulkhead Hit still causes at least 1 point of Damage.
