Ship Rules Reference

FLEET RULES
Fighter Replacements — Any ship carrying one or more Frazi flights may replace any number of them with Gorith flights or Breaching Pods. Breaching Pods taken this way carry one Troop from the parent ship and do not include Troops of their own. Fighting Centauri — Narn vessels will never surrender to the Centauri and are immune to effects that would require them to surrender to Centauri vessels, including Stand Down and Prepare to be Boarded!

TRAITS AND WEAPON RULES	
Carrier — The ship may launch or recover a number of fighter flights in a turn equal to its Carrier score, instead of the normal limit of one flight.	Jump Engine — The ship may use the Initiate Jump Point! Special Action to enter or leave hyperspace. Follow the hyperspace and jump-point rules when placing the jump point, checking for deviation, and moving ships through it. Lumbering — The ship may make only one turn during its movement, regardless of the number of turns shown in its profile.
