SHIP NAME _____

Ship Rules Reference

FLEET RULES
Super Manoeuvrability — A Vree ship may move less than half its Speed. When it does, it may move as though it had the Super Manoeuvrable trait. Telepathy — All Vree receive +1 on Crew Quality checks. Vree telepaths cannot disrupt Shadow vessels.

TRAITS AND WEAPON RULES	
Anti-Fighter — When an enemy fighter flight moves into base contact, roll a number of Attack Dice equal to the Anti-Fighter score before the dogfight is resolved. Each die that rolls 4 or more destroys the fighter flight. Anti-Fighter may be used once per turn. Command — While this ship is on the table and is neither Crippled nor reduced to a Skeleton Crew, add its Command score to the fleet's Initiative. Command bonuses are not cumulative. Double Damage — Double all Damage caused, including bonus Damage from Critical Hits. A Bulkhead Hit still causes 1 point of Damage.	Jump Engine — The ship may use the Initiate Jump Point! Special Action to enter or leave hyperspace. Follow the hyperspace and jump-point rules when placing the jump point, checking for deviation, and moving ships through it. Precise — Add +1 to every roll made on the Attack Table for this weapon. Slow-Loading — This weapon may fire only every other turn. If it fails to lock on to a Stealth target, it does not count as fired. Super AP — Add +2 to every Attack Dice result rolled for this weapon. Triple Damage — Triple all Damage caused. A Bulkhead Hit still causes at least 1 point of Damage. Twin-Linked — Any Attack Dice from this weapon that fail to hit may be re-rolled.
