Initiative: +0

Ship Rules Reference

SHIP NAME _____

FLEET RULES

- Super Manoeuvrability** — A Vree ship may move less than half its Speed. When it does, it may move as though it had the Super Manoeuvrable trait.
- Telepathy** — All Vree receive +1 on Crew Quality checks. Vree telepaths cannot disrupt Shadow vessels.

TRAITS AND WEAPON RULES

- Anti-Fighter** — When an enemy fighter flight moves into base contact, roll a number of Attack Dice equal to the Anti-Fighter score before the dogfight is resolved. Each die that rolls 4 or more destroys the fighter flight. Anti-Fighter may be used once per turn.

Carrier — The ship may launch or recover a number of fighter flights in a turn equal to its Carrier score, instead of the normal limit of one flight.

Command — While this ship is on the table and is neither Crippled nor reduced to a Skeleton Crew, add its Command score to the fleet's Initiative. Command bonuses are not cumulative.
- Jump Engine** — The ship may use the Initiate Jump Point! Special Action to enter or leave hyperspace. Follow the hyperspace and jump-point rules when placing the jump point, checking for deviation, and moving ships through it.

Precise — Add +1 to every roll made on the Attack Table for this weapon.

Slow-Loading — This weapon may fire only every other turn. If it fails to lock on to a Stealth target, it does not count as fired.

Super AP — Add +2 to every Attack Dice result rolled for this weapon.

Triple Damage — Triple all Damage caused. A Bulkhead Hit still causes at least 1 point of Damage.
