TRAITS AND WEAPON RULES

Anti-Fighter — When an enemy fighter flight moves into base contact, roll a number of Attack Dice equal to the Anti-Fighter score before the dogfight is resolved. Each die that rolls 4 or more destroys the fighter flight. Anti-Fighter may be used once per turn.

Beam — This weapon always hits on a roll of 4 or more, regardless of Hull. Each successful Attack Dice is rolled again and may continue scoring additional hits while it keeps rolling 4 or more. Beam weapons ignore Interceptors and may split fire only between targets within 4 inches of one another.

Precise — Add +1 to every roll made on the Attack Table for this weapon.

Shields — The first value is the number of hits the shield can absorb. Double, Triple, and Quad Damage hits remove 2, 3, or 4 shield points. Excess hits pass to the hull. The second value is regenerated automatically in each End Phase. Shields cease functioning while the ship is Crippled.

Twin-Linked — Any Attack Dice from this weapon that fail to hit may be re-rolled.
