Ship Rules Reference

FLEET RULES

Fighter Replacements — Any ship carrying one or more Aurora Starfury flights may replace any number of them with Badgers, Thunderbolts, where the scenario date permits, or Breaching Pods. Breaching Pods taken this way carry one Troop from the parent ship and do not include Troops of their own.

TRAITS AND WEAPON RULES

AP — Add +1 to every Attack Dice result rolled for this weapon.

Double Damage — Double all Damage caused, including bonus Damage from Critical Hits. A Bulkhead Hit still causes 1 point of Damage.

Interceptors — Against the first incoming hit of the turn, roll a number of dice equal to the Interceptor score; any result of 2+ cancels that hit. Successful dice are rolled against the next hit needing 3+, then 4+, and so on. Failed dice are discarded. Once the required number reaches 6+, it remains 6+ for the rest of the turn. Interceptors refresh at the start of the next turn.

Precise — Add +1 to every roll made on the Attack Table for this weapon.

Slow-Loading — This weapon may fire only every other turn. If it fails to lock on to a Stealth target, it does not count as fired.

Super AP — Add +2 to every Attack Dice result rolled for this weapon.

Twin-Linked — Any Attack Dice from this weapon that fail to hit may be re-rolled.
