Ship Rules Reference

FLEET RULES

Fighter Replacements — Any ship carrying one or more Frazi flights may replace any number of them with Gorith flights or Breaching Pods. Breaching Pods taken this way carry one Troop from the parent ship and do not include Troops of their own.

Fighting Centauri — Narn vessels will never surrender to the Centauri and are immune to effects that would require them to surrender to Centauri vessels, including Stand Down and Prepare to be Boarded!

TRAITS AND WEAPON RULES

Anti-Fighter — When an enemy fighter flight moves into base contact, roll a number of Attack Dice equal to the Anti-Fighter score before the dogfight is resolved. Each die that rolls 4 or more destroys the fighter flight. Anti-Fighter may be used once per turn.

Beam — This weapon always hits on a roll of 4 or more, regardless of Hull. Each successful Attack Dice is rolled again and may continue scoring additional hits while it keeps rolling 4 or more. Beam weapons ignore Interceptors and may split fire only between targets within 4 inches of one another.

Double Damage — Double all Damage caused, including bonus Damage from Critical Hits. A Bulkhead Hit still causes 1 point of Damage.

Twin-Linked — Any Attack Dice from this weapon that fail to hit may be re-rolled.
