Ship Rules Reference

FLEET RULES

- Gentle Beings** — All pak'ma'ra ships suffer a -1 penalty to their Crew Quality scores.
- Plasma Web** — A squadron of pak'ma'ra ships may target the same point in space with Plasma Cannon and Heavy Plasma Cannon. Combine their AD and halve the total, rounding down; the attack gains Energy Mine. Heavy Plasma Cannon retain Double Damage only if no ordinary Plasma Cannon contribute to the web.
- Redundant Systems** — Whenever a pak'ma'ra ship loses Damage or Crew, roll one die for each point lost. On a 6+, that point is ignored. The special effects of Critical Hits still apply, although Damage and Crew caused by the critical are rolled for normally. If the ship uses Close Blast Doors and Activate Defence Grid!, this roll improves to 5+; it does not receive two separate rolls.

TRAITS AND WEAPON RULES

- Anti-Fighter** — When an enemy fighter flight moves into base contact, roll a number of Attack Dice equal to the Anti-Fighter score before the dogfight is resolved. Each die that rolls 4 or more destroys the fighter flight. Anti-Fighter may be used once per turn.

AP — Add +1 to every Attack Dice result rolled for this weapon.

Atmospheric — This ship may enter a planetary atmosphere and take part in planetary assaults, including attacking ground targets and landing troops where the relevant rules allow.

Double Damage — Double all Damage caused, including bonus Damage from Critical Hits. A Bulkhead Hit still causes 1 point of Damage.
- Interceptors** — Against the first incoming hit of the turn, roll a number of dice equal to the Interceptor score; any result of 2+ cancels that hit. Successful dice are rolled against the next hit needing 3+, then 4+, and so on. Failed dice are discarded. Once the required number reaches 6+, it remains 6+ for the rest of the turn. Interceptors refresh at the start of the next turn.

Slow-Loading — This weapon may fire only every other turn. If it fails to lock on to a Stealth target, it does not count as fired.

Triple Damage — Triple all Damage caused. A Bulkhead Hit still causes at least 1 point of Damage.
