

PAK'MA'RA

RAID

URIK'HAL-CLASS SUPERMERCHANT

Initiative: -3

Ship Rules Reference

FLEET RULES

- Gentle Beings** — All pak'ma'ra ships suffer a -1 penalty to their Crew Quality scores.
- Plasma Web** — A squadron of pak'ma'ra ships may target the same point in space with Plasma Cannon and Heavy Plasma Cannon. Combine their AD and halve the total, rounding down; the attack gains Energy Mine. Heavy Plasma Cannon retain Double Damage only if no ordinary Plasma Cannon contribute to the web.
- Redundant Systems** — Whenever a pak'ma'ra ship loses Damage or Crew, roll one die for each point lost. On a 6+, that point is ignored. The special effects of Critical Hits still apply, although Damage and Crew caused by the critical are rolled for normally. If the ship uses Close Blast Doors and Activate Defence Grid!, this roll improves to 5+; it does not receive two separate rolls.

TRAITS AND WEAPON RULES

- Anti-Fighter** — When an enemy fighter flight moves into base contact, roll a number of Attack Dice equal to the Anti-Fighter score before the dogfight is resolved. Each die that rolls 4 or more destroys the fighter flight. Anti-Fighter may be used once per turn.

AP — Add +1 to every Attack Dice result rolled for this weapon.

Double Damage — Double all Damage caused, including bonus Damage from Critical Hits. A Bulkhead Hit still causes 1 point of Damage.

Jump Engine — The ship may use the Initiate Jump Point! Special Action to enter or leave hyperspace. Follow the hyperspace and jump-point rules when placing the jump point, checking for deviation, and moving ships through it.
- Lumbering** — The ship may make only one turn during its movement, regardless of the number of turns shown in its profile.

Slow-Loading — This weapon may fire only every other turn. If it fails to lock on to a Stealth target, it does not count as fired.

Triple Damage — Triple all Damage caused. A Bulkhead Hit still causes at least 1 point of Damage.
